IT IS NEVER TOO EARLY TO EMPOWER THE FUTURE

Will you help the next generation of leaders discover a scholarship they need?

The recently established Malaysian Chamber (Hong Kong and Macau) Students Trust Fund helps undergraduate students attain academic success and life fulfilment throughout their studies.

This is an amazing opportunity for students to both further their studies, and gain immeasurable life experience in Hong Kong. Those in need of financial assistance will benefit the most.

If we are going to nurture as many of the next generation as possible, we will need your help.

Spread the message and raise awareness for the Malaysian Chamber (Hong Kong and Macau) Students Trust Fund. If you have any students you wish to introduce, do not hesitate!

Please read the following sections or visit www.mcchkm.com/studentsfund for more information.

For any inquiries, email Ms. Jessie Foo (studentsfund02@mcchkm.com) or WhatsApp (+852 9793 4664)

LET’S EMPOWER THE FUTURE, TODAY.

The Malaysian Chamber of Commerce
(Hong Kong & Macau)
THE MALAYSIAN CHAMBER (HONG KONG & MACAU) STUDENTS TRUST FUND

What are our objectives?
(a) Provide grants to eligible students for the advancement of their education in Hong Kong;
(b) Connect Malaysian students in Hong Kong with Malaysian-owned enterprises as well as Malaysian expatriate workers.

Who is eligible to apply?
(a) Any individual who is a citizen of Malaysia;
(b) Any individual who is a permanent resident of Malaysia and has been continuously domiciled in Malaysia for the last 7 years;
(c) Any individual who has at least one parent who is a citizen of Malaysia and that individual has been continuously domiciled in Malaysia for the last 7 years; or
(d) Any individual who is none of the above but is someone whom the Trustees determine to have sufficient relationship with Malaysia so as to qualify.

MALAYSIAN STUDENTS IN HONG KONG
In 2015/16, over 250 Malaysians pursued undergraduate studies in universities in Hong Kong in the following disciplines:

<table>
<thead>
<tr>
<th>Field</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Business &amp; Management</td>
<td>44%</td>
</tr>
<tr>
<td>Engineering &amp; Technology</td>
<td>25%</td>
</tr>
<tr>
<td>Sciences</td>
<td>18%</td>
</tr>
<tr>
<td>Social Sciences</td>
<td>5%</td>
</tr>
<tr>
<td>Medicine, Dentistry &amp; Health</td>
<td>4%</td>
</tr>
<tr>
<td>Arts &amp; Humanities</td>
<td>2%</td>
</tr>
<tr>
<td>Education</td>
<td>2%</td>
</tr>
</tbody>
</table>

Some of these students are from the lower income group and are in need of financial assistance.
